“The objective of cleaning is not just to clean, but to feel happiness living within that environment.”

Faculty of Law, University of Delhi undertook a cleanliness drive during the first two weeks of September, 2018 as in accordance to the nation-wide Swachh Bharat Cleanliness Campaign launched by Prime Minister on 2nd Oct., 2014. Individual cleanliness campaigns were also organised by the three law centres.

In the special cleanliness drive, the staff took pledge to maintain cleanliness in their institution. The staff cleaned the library, classes, lawns, corridors, cleared the walls taking down posters and banners that had come up as a result of the student union election season.

The whole drive was quite inspiring and motivating for the staff and students. The students realized that any work is best done when it is carried out by a person himself. It also made the students aware of the dignity of labour.
