

| Name of the Project | Name of the Principal Investigator | Funds provided (in Rupees) | Duration of the project | Funding agency |
|--|------------------------------------|----------------------------|-------------------------|---|
| Prevalence of tuberculosis among migrants and settled populations of Delhi | Anup Kapoor | 8,00,000 | 2013-14 | Lionex Diagnostic and Therapeutics, Germany |
| E-P.G. Pathshala | Anup Kapoor | 11,20,000 | 2014-2015 | UGC MHRD |
| Globalization and Cultural Identities among Tribes of Central and North East India | S.M.Patnaik | | 2015 | ICSSR |
| Role of FoxP3 mRNA expression Th17-Treg paradigm and hCG levels in preeclampsia funded by DST | K.N. Saraswathy | 54,60,000 | 2012-2015 | DST |
| “COPD genetics Consortium” | Vipin Gupta | 87,80,450 | 03/2012 to 03/2015 | DBT India |
| Genetic Association study of type 2 diabetes mellitus among the “Aggarwals” of Delhi | Vipin Gupta | 6,00,000 | 2014-2015 | UGC |
| “Genetic and Epigenetic Association study of GWAS Genes related to age at menarche and age at natural menopause in Rural and Urban Indian Population”. | Vipin Gupta | 8,00,000 | 08/2011 to 08/2014 | UGC |
| Genome-wide investigation of body fat distribution among the women population of Andhra Pradesh. | Vipin Gupta | 23,00,000 | 2015-2017 | SERB-DST |
| Genetics and Epigenetics of Lung function among the victims of Bhopal Gas tragedy. | Vipin Gupta | 49,98,100 | 2013-2014 | ICMR |
| Genetic and epigenetic determinants of obesity | Vipin Gupta | 1,72,11,070 | 2012-2013 | Wellcome Trust |

| | | | | |
|---|--------------|-------------|------------|--|
| and diabetes in India | | | | Strategic Award |
| Longitudinal assessment of metabolomic changes during pregnancy on fetal growth | Vipin Gupta | 3,81,00,000 | 2017-2022 | Wellcome-DBT |
| Evaluation of Metabolic syndrome, associated genetic markers and quality of life among adults of North India: An anthropological approach in Indian scenario” | Meenal Dhall | 7,10,000 | 2013 | University of Delhi Seed Grant |
| Association of genetic variants with symptoms of metabolic syndrome among urban and rural population groups | Meenal Dhall | - | 2014-2016. | DST-PURSE Grant |
| Health related quality of life and cardio metabolic markers among adults of North India” | Meenal Dhall | 6,00,000 | 2014-2015 | UGC |
| Quality of life with metabolic syndrome and its associated genetic markers among North Indian adults | Meenal Dhall | 25,00,000 | 2015-2018 | DST Start up Grant for young scientist |
