GEOLOGY

Doctoral Theses

228. GUPTA (Sangeeta)
Comparative Geochemical Studies of Metasediments of Sauser and Sakoli Groups : A Geochemical Constraints.
Supervisor : Prof. Talat Ahmad
Th 19908

Contents

1. Introduction. 2. Grology and tectonic. 3. Field description and petrography. 4. Methodology. 5. Geochemistry. 6. Isotopic composition of metasediments. 7. Provenance and tectonic. 8. Conclusion. References.

229. SINGH (Mayanglambam Shyamkumar)
Geochemical and Petrogenetic Studies of the Porphyritic Granitoids of Kyllang-Moudoh Pluton of Shillong Plateau, Meghalaya.
Supervisor : Prof. Talat Ahmad
Th 19909

Contents

1. Introduction. 2. Regional geology, field observation and petrography. 3. Analytical techniques, methodology and results. 4. Geochemistry. 5. Petrogenesis and tectonic setting. 6. Discussion and conclusions. Reference and appendices.
