

Faculty Details proforma for DU Web-site

(PLEASE FILL THIS IN AND Email it to websiteDU@du.ac.in and
cc: director@ducc.du.ac.in)

Title	Prof. (Dr.)	First Name	PANKAJ	Last Name	GUPTA	
Designation		Professor & Head				
Address		Department of Operational Research Faculty of Mathematical Sciences North Campus, University of Delhi Delhi-110007				
Phone No	Office	91-11-27666672				
	Residence	91-11-22232237				
	Mobile	9811685430				
Email	pgupta@or.du.ac.in					
Web-Page						
Educational Qualifications						
Degree	Institution			Year		
Ph.D.	University of Delhi			2000		
M.Phil.	University of Delhi			1994		
M.Sc.	University of Delhi			1992		
Career Profile						
Professor: May 2009 onwards, Department of Operational Research, University of Delhi						
Associate Professor: 2007-2009, Department of Operational Research, University of Delhi						
Associate Professor: 2006-2007, Deen Dayal Upadhyaya College, University of Delhi						
Reader: 2003-2006, Deen Dayal Upadhyaya College, University of Delhi						
Senior Lecturer: 1999-2003, Deen Dayal Upadhyaya College, University of Delhi						
Lecturer: 1993-1999, Deen Dayal Upadhyaya College, University of Delhi						
Administrative Assignments						
Dean, Faculty of Mathematical Sciences, University of Delhi, 18-04-2019 to 03-08-2019						
Head, Department of Operational Research, University of Delhi, 18-04-2019 to date						
Teacher-In Charge: Department of Mathematics, Deen Dayal Upadhyaya College, University of Delhi, 2000-2002						
Areas of Interest / Specialization						
Optimization Theory and Applications; Fuzzy Optimization; Portfolio Optimization; Multicriteria Decision Making						
Subjects Taught						
M.Sc. (OR): Mathematical Programming, Scheduling Techniques, Applied Statistics, Portfolio Management, Advanced Mathematical Programming, Multicriteria Decision Models, C++, Linear Programming, Networks, Industrial Project						
M.A./M.Sc. (AOR): Mathematical Programming, Multicriteria Decision Models, Industrial Project						
M.Phil./Pre-Ph.D. (OR): Mathematical Programming, Network Analysis						

M.A./M.Sc. (Mathematics): Optimization Techniques and Control Theory

M.C.A./M.Sc. (Computer Science): Optimization Algorithms, Combinatorial Optimization

B.Sc.(H)/B.Sc.(G)/B.A.(H)/B.A.(P): Numerical Analysis, Differential Equations, Calculus, Algebra, Computer Mathematics, Linear Programming, Boolean Algebra, Analysis, Statistics, Optimization, Operational Research Techniques, Discrete Mathematics

Research Guidance

Supervision of Doctoral Theses: awarded-06, ongoing-07

1. Mukesh Kumar Mehlawat (2011). On fuzzy optimization and its applications in portfolio selection.
2. Shilpi Verma (2013). Mathematical programming approaches for component selection of modular software systems.
3. Garima Mittal (2013). A study of multiobjective portfolio optimization models and their solutions using soft computing approaches.
4. Rishi Rajan Sahay (2013). A study of global strict minimizers in mathematical programming problems involving higher order strong invexity.
5. Pooja Arora (2014). Some contributions to generalized convexity and variants of solution concepts in mathematical programming.
6. Santosh Kumar (2017). Some contributions to optimization modelling of uncertain allocation problems.

Supervision of M.Phil. Dissertations: awarded-12

1. Anirban Bhattacharjee (2008). Optimization models for the vendor selection in a supply chain.
2. Shilpa Gupta (2010). Fuzzy linear programming duality and fuzzy matrix games.
3. Santosh Kumar (2010). Some aspects of linear fractional programming with applications.
4. Usha Aggarwal (2010). On transportation problems: a fuzzy approach.
5. Naveen Gahlot (2011). On first order and second order symmetric duality in mathematical programming.
6. Amita Sharma (2011). Some solution procedures for fuzzy multiobjective optimization with applications.
7. Sakshi Goel (2012). Some aspects of linear complementarity problem and its generalizations.
8. Manisha Khurana (2013). A study of hybrid optimization models for portfolio selection.
9. Nishtha Grover (2014). A study of mathematical programming problems under intuitionistic fuzzy environment.
10. Ritika Khurana (2014). A study of optimization models for commercial off-the-shelf (COTS) products selection.
11. Anisha Khaitan (2016). A study on analytical hierarchy process technique: applications and extensions.
12. Preeti (2016). A study of mathematical programming applications in agricultural production planning and related problems.

Conference Organization/ Presentations

Organization of Conferences/Workshops/Training Programmes

1. Convenor, International Conference on Recent Advances in Optimization Theory and Applications, University of Delhi, Delhi, January 30-31, 2016.
2. Member, Local Organizing Committee, UNESCO-CIMPA-INDIA Research School on Generalized Nash Equilibrium Problems, Bilevel Programming and MPEC, Department of Mathematics, University of Delhi, Delhi, November 25- December 06, 2013.
3. Coordinator, Training Programme on Optimization and Its Applications, University of Delhi, Delhi, November 26-December 01, 2012.
4. Convenor, International Conference on Optimization Modelling and Applications, University of Delhi, Delhi, November 29-December 01, 2012.
5. Co-coordinator, Training Programme on Optimization Theory and Applications, University of Delhi, Delhi, February 10-14, 2010.
6. Member, Organizing Committee, International Conference on Optimization and Its Applications, Banaras Hindu University, Varanasi, February 16-18, 2010.

7. Co-Chair, Organizing Committee, 4th International Conference on “Quality, Reliability and Infocom Technology” organized by Department of Operational Research, University of Delhi, Delhi, India, December 18-20, 2009.
8. Member, Organizing Committee, Workshop on “Mathematical Modelling and Related Optimization Techniques” organized by Department of Operational Research, University of Delhi, Delhi, India, December 14-17, 2009.
9. Co-Coordinator, Workshop on “Optimization and Its Applications” organized by Operational Research Society of India, Delhi Chapter, Delhi, November 29-December 03, 2007.
10. Secretary, 40th Annual Convention of Operational Research Society of India organized by Operational Research Society of India, Delhi Chapter, Delhi, India, December 04-06, 2007.
11. Member, Organizing Committee, National Symposium on “Recent Advances in Optimization Theory and Applications” organized by Department of Mathematics, Hansraj College, University of Delhi, India, October 27-28, 2006.
12. Member, Organizing Committee, 6th International Conference of Asian-Pacific Operational Research Societies with IFORS organized by Operational Research Society of India, New Delhi, India, December 8-11, 2003.

Invited Talks/Session Chair (2010 Onwards)

1. Invited talk, “Portfolio Optimization Techniques” in the AICTE Training and Learning (ATAL) Academy sponsored Faculty Development Programme on Machine Learning and Optimization Techniques: Applications to Financial Markets organized by School of Basic Sciences, IIT Mandi, India, 12th July, 2021.
2. Invited talk, “Impact of COVID-19 on supply chain operations in India: An NLP Approach” in the International Symposium on Computational Operations Research and Algorithmic Game Theory organized by Indian Statistical Institute, Delhi Centre, India, 31st March, 2021.
3. Invited talk, “Fuzzy Optimization” in the National Workshop (FDP) on Artificial Intelligence and Machine Learning-Basics and Applications organized by CALEM, Department of Education, Panjab University, Chandigarh, India, 23rd December, 2020.
4. Invited talk, “Impact of COVID-19 on supply chain operations in India” in the Seminar organized by Department of Mathematics, Panjab University, Chandigarh, India, 22nd July, 2020.
5. Invited talk, “An integrated multi-criteria optimization framework for sustainable transportation planning” in the International Conference on Recent Trends in Mathematics and Its Applications to Graphs, Networks and Petri Nets organized by School of Computational and Integrative Sciences, Jawaharlal Nehru University, New Delhi, 21st July, 2020.
6. Invited talk, “Multi-criteria optimization approach for portfolio efficiency: A comparison with benchmark portfolios” in the Indo-French Seminar on Optimization, Variational Analysis and Applications organized by Department of Mathematics, Banaras Hindu University, Varanasi, 2nd February, 2020.
7. Invited talk, “Integer and zero-one programming” in the Q.I.P. Short Term Course on Computational Mathematics for Scientists and Engineers organized by Department of Applied Science and Engineering, IIT Roorkee, 11th June, 2019.
8. Invited talk, “Fuzzy linear programming” in the QIP Short Term Course on Computational Mathematics for Scientists and Engineers organized by Department of Applied Science and Engineering, IIT Roorkee, 11th June, 2019.
9. Invited talk, “Linear programming” in the Q.I.P. Short Term Course on Computational Mathematics for Scientists and Engineers organized by Department of Applied Science and Engineering, IIT Roorkee, 11th June, 2019.

10. Invited talk, "Multi-attribute decision making" in the 30th Annual Conference of Rajasthan Ganita Parishad on Recent Advances in Mathematical Applications for Science, Engineering & Management organized by Shekhawati Institute of Engineering and Technology, Sikar, Rajasthan, 26th February, 2019.
11. Invited talk, "AHP for decision making" in the 5th Refresher Course in Contemporary Studies organized by UGC-HRDC, Jawaharlal Nehru University, New Delhi, 21st January, 2019.
12. Invited talk, "Multicriteria decision making using AHP" in the National Seminar on Applications of Graph & Network in Computational Studies, Bioinformatics, Engineering and its Technical Terminology organized by JNU, New Delhi, 13th March, 2018.
13. Invited talk, "Intuitionistic fuzzy multi-attribute decision making method" in the International Symposium on Operations Research and Game Theory: Modeling and Computation organized by Indian Statistical Institute, Delhi Centre, 11th January, 2018.
14. Invited talk, "Multicriteria decision making" in the Symposium on Mathematical Programming and Game Theory organized by South Asian University, New Delhi, 15th December, 2017.
15. Invited talk, "Possibilistic optimization" in the Symposium on Mathematical Programming and Game Theory organized by Indian Statistical Institute, Delhi Centre, 11th January, 2017.
16. Invited talk, "Possibilistic optimization" in the International Conference on Frontiers of Science and Technology organized by KIET, Ghaziabad, India, 7th January, 2017.
17. Invited talk, "Multiple criteria decision making" organized by Capital University of Economics and Business, Beijing, China, 5th July, 2016.
18. Invited talk, "Fuzzy optimization using possibility theory" in the Conference on Optimization Modelling and Machine Learning Techniques organized by Department of Mathematics, Panjab University, Chandigarh, India, 20th March, 2015.
19. Invited talk, "Multiple criteria optimization using Analytic Hierarchy Process" in the Refresher Course in Mathematics organized by Department of Mathematics, Panjab University, Chandigarh, India, 20th March, 2015.
20. Invited talk, "Possibilistic optimization" in the International Conference on Optimization, Computing and Business Analysis for Sustainable Development organized by Department of Mathematics, Central University of Rajasthan, Ajmer, India, 22nd February, 2015.
21. Invited talk, "Portfolio optimization: Some recent advances" in the Workshop on Applied Optimization Models and Computation organized by Indian Statistical Institute, Delhi Centre, New Delhi, India, 30th January, 2015.
22. Invited talk, "Multiple criteria decision making using AHP" in the National Seminar on Optimization and Its Applications organized by Department of Mathematics, Lakshmibai College, University of Delhi, India, 16th January, 2015.
23. Invited talk, "Linear and nonlinear optimization" in the Training Program on Advanced Optimization Techniques for Engineers and Professionals organized by Maulana Azad National Institute of Technology, Bhopal, India, 21st December, 2013.
24. Invited talk, "Portfolio optimization" in the International Conference on Recent Trends in Materials and Devices-2013 organized by Amity Institute of Applied Sciences, Amity University, Noida, India, 31st October, 2013.
25. Invited talk, "Introduction to AHP" in the Refresher Course on Mathematics organized by Department of Mathematics, Panjab University, Chandigarh, India, 5th April, 2013.

26. Invited talk, "Fuzzy optimization" in the Refresher Course on Mathematics organized by Department of Mathematics, Panjab University, Chandigarh, India, 5th April, 2013.
27. Invited talk, "Optimization" in the Department of Mathematics, Panjab University, Chandigarh, India, 25th January, 2013.
28. Invited talk, "Introduction to optimization problems including combinatorial optimization problems" in the Training Program on Optimization Techniques and their Applications organized by UIET, Panjab University, Chandigarh, India, 25th January, 2013.
29. Invited talk, "Behavioral portfolio selection models based on financial and ethical considerations" in the International Symposium on Applied Optimization and Game-Theoretic Models organized by Indian Statistical Institute, Delhi Centre, India, 10th January, 2013.
30. Invited talk, "Optimization-I" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 16th January, 2013.
31. Invited talk, "Optimization-II" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 16th January, 2013.
32. Invited talk, "Optimization" in the Symposium on Mathematics organized by Department of Mathematics, Panjab University, Chandigarh, India, 8th February, 2012.
33. Invited talk, "Optimality conditions in nonlinear programming-I" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 16th December, 2011.
34. Invited talk, "Optimality Conditions in Nonlinear programming-II" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 16th December, 2011.
35. Invited talk, "Portfolio optimization" in the International Conference on Soft Computing for Problem Solving organized by The Institute of Engineers, IIT Roorkee, Roorkee, India, 20th December, 2011.
36. Invited talk, "Portfolio rebalancing model" in the International Conference on Analysis and Its Applications organized by Department of Mathematics, Aligarh Muslim University, Aligarh, India, 21st November, 2011.
37. Chaired two technical sessions in the International Congress on Productivity, Quality, Reliability, Optimization and Modeling organized by ISI, Delhi Center, Quality Council of India and DRDO, New Delhi, India February 07-08, 2011.
38. Invited talk, "Linear programming-IV" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 3rd January, 2011.
39. Invited talk, "Linear programming-III" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 3rd January, 2011.
40. Invited talk, "Linear programming-II" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 27th December, 2010.
41. Invited talk, "Linear programming-I" in the Refresher Course on Mathematical Sciences organized by CPDHE, University of Delhi, Delhi, India, 27th December, 2010.
42. Invited talk, "Portfolio optimization with ethicality considerations" in the Symposium on Optimization held on the occasion of the Satellite Conference of International Congress of Mathematician (ICM-2010) on Mathematics in Science and Technology organized by International Mathematical Union, India Habitat Center, New Delhi, India, 16th August, 2010.
43. Invited talk, "Nonlinear optimization" in the National Workshop on Modeling, Optimization and Their Applications organized by Department of Statistics, M. D. University, Rohtak, India, 21st August, 2010.

Research Projects (Major Grants/Research Collaboration)

1. Minor Research Grant under Faculty Research Programme of the IoE scheme: **Principal Investigator, Institution of Eminence, University of Delhi, Delhi, December 2020-June 2021.**
2. Development of Multi-criteria Optimization Models under Uncertainty for Software Component Evaluation and Selection in the Component-Based Software Development: **Principal Investigator, SERB-DST Mathematical Research Impact Centric Support (MATRICS), 2019-2022.**
3. International Asset Allocation: **Investigator jointly with Prof. Wei-Guo Zhang, South China University of Technology, Guangzhou, China, National Natural Science Foundation of China (No. 71720107002), 2018-2022.**
4. Toward the Development of an Integrated Framework for Suitable, Optimal and Ethical Portfolios: **Principal Investigator, DU-DST PURSE-II Grant, 2014-2018.**
5. Multi-criteria Optimization Modeling for Component Selection in the Component-Based Software Development under Uncertainty: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2015-2016.**
6. Advances in Fuzzy Optimization Modelling and Solution Approaches for Commercial Off-The-Shelf (COTS) Products Selection: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2014-2015.**
7. A Study on the Development of Hybrid Multicriteria Optimization Framework for Portfolio Selection in Fuzzy Environment: **Principal Investigator, UGC Major Research Project, 2012-2015.**
8. Advances in Modeling and Solution Approaches for Portfolio Optimization: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2013-2014.**
9. Fuzzy Multi-criteria Optimization Framework for Portfolio Selection and Resource Allocation Decisions using Soft Computing Approaches: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2012-2013.**
10. Fuzzy Multi-criteria Optimization Framework for Portfolio Selection and Distribution Planning Decision using Evolutionary Algorithms: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2011-2012.**
11. Generalized Optimization Framework using Fuzzy Modeling: **Principal Investigator, R & D Research Project sponsored by University of Delhi, Delhi, 2006-2007; 2007-2008; 2008-2009; 2009-2010; 2010-2011.**

Awards and Distinctions

1. **Short-term Foreign Expert**, School of Information, Capital University of Economics and Business, Beijing, China during July, 2019.
2. **Short-term Foreign Expert**, School of Information, Capital University of Economics and Business, Beijing, China during June-July, 2017.
3. **Visiting Scientist**, Norwich Business School, University of East Anglia, Norwich, UK during January 26-29, 2017.
4. **Short-term Foreign Expert**, School of Information, Capital University of Economics and Business, Beijing, China during June-July, 2016.
5. **BOYSCAST Fellowship**-Post Doctoral Work at Department of Mathematics, Wayne State University, Detroit, Michigan, U.S.A. during June-November, 2005.
6. **Indo-Japanese Information Technology Researcher Exchange Programme**-Post Doctoral Work at Japan Advanced Institute of Science & Technology, Kanazawa, Toyama University, and University of Niigata, Japan during February-March, 2002.

7. **ORSI Country Representative to Annual Conference of ORSJ**-Country Paper presented at 3rd International APORS session at Tokyo Institute of Technology and visited Toyama University, Japan during September-October, 2000.
8. **Junior Research Fellowship**, University Grants Commission, New Delhi, 1993-1995.
9. **55th Annual Indian Mathematical Society Scholarship**, 1991-1992.
10. Paper entitled "**Asset portfolio optimization using fuzzy mathematical programming**" included in **Science Direct Top25 Hottest Articles-2008** within the journal Information Sciences under the subject area "Decision Sciences".
11. Paper entitled "**A new possibilistic programming approach for solving fuzzy multiobjective assignment problem**" included in **Top 25 popular articles (March 2014)** within the journal IEEE Transactions on Fuzzy Systems.
12. Paper entitled "**Fuzzy chance-constrained multiobjective portfolio selection model**" included in **Top 25 popular articles (June 2014)** within the journal IEEE Transactions on Fuzzy Systems.

Reviewing (Selected Only)

- Reviewer, Mathematical Reviews
- Reviewer, European Journal of Operational Research
- Reviewer, Fuzzy Sets and Systems
- Reviewer, Economic Modeling
- Reviewer, Journal of Optimization Theory and Applications
- Reviewer, Knowledge Based Systems
- Reviewer, Soft Computing

- Reviewer, International Journal of Operational Research
- Reviewer, Expert Systems with Applications
- Reviewer, Optimization
- Reviewer, Annals of Operations Research
- Reviewer, Applied Mathematics and Computation
- Reviewer, Applied Mathematical Modeling

Advisory (Selected Only)

- University Representative (2020-2021), Governing Body, Cluster Innovation Center, University of Delhi, Delhi.
- University Representative (2020-2021), Governing Body, I. P. College for Women, University of Delhi, Delhi.
- VC Nominee (2020-2022), Departmental Research Committee, Department of Physics & Astrophysics, University of Delhi, Delhi.
- University Representative (2018-2020), Governing Body, Shyam Lal College, University of Delhi, Delhi.
- VC Nominee (2018-2020), Departmental Research Committee, Department of Chemistry, University of Delhi, Delhi.
- VC Nominee (2016-2018), Departmental Research Committee, Faculty of Technology, University of Delhi, Delhi.
- Subject Expert, Board of Studies, Department of Mathematics, Central University of Rajasthan, Ajmer (2018-2020).
- Member, MHRD Committee to develop e-content of Mathematics for the online educational portal “Sakshat” (The National Mission on Education through ICT).
- Member, Empowered Committee to Review and Revise Courses for Restructured B.Sc. Program, University of Delhi, Delhi.

Committees and Boards (Selected Only)

- Chairperson, Board of Research Studies (Mathematical Sciences), University of Delhi.
- Member, Board of Research Studies (Mathematical Sciences), University of Delhi.
- Chairperson, Departmental Research Committee, Department of Operational Research, University of Delhi.
- Member, Departmental Research Committee, Department of Operational Research, University of Delhi.
- Chairperson, M.Phil. Committee, Department of Operational Research, University of Delhi.
- Member, M.Phil. Committee, Department of Operational Research, University of Delhi.
- Member, Faculty of Mathematical Sciences, University of Delhi.
- Member, Curriculum Development Committee for Mathematics, Restructured B.Sc. and B.A. Programme, University of Delhi.
- Member, Committee to Review and Revise syllabus, B.Sc./B.A.(H) Mathematics, University of Delhi.

- Member, Committee to Review and Revise syllabus, B.Sc.(H) Computer Science, University of Delhi.
- Member/Convenor, Committees to Review and Revise syllabus, M.Sc. (OR), M.A./M.Sc. (AOR), University of Delhi.
- Coordinator, Examination Board, Mathematics papers of B.Sc.(H) Computer Science, University of Delhi.
- Member/Convenor of several departmental committees, Department of Operational Research, University of Delhi.
- Member/Convenor/Coordinator of several staff council committees, Deen Dayal Upadhyaya College, University of Delhi.

Memberships

- Senior Life Member, Operational Research Society of India
- Member, IEEE Computational Intelligence Society
- Member, International Working Group on Generalized Convexity/ Monotonicity
- Member, Pacific Optimization Group
- Member, INFORMS
- Life Member, Ramanujan Mathematical Society

Office Bearer

- Secretary, Operational Research Society of India, Delhi Chapter (2001-2005)
- Treasurer, Operational Research Society of India, Delhi Chapter (1999-2001)
